BAY HIGH TIGERS TO BE INVITED TO JOIN GULF COAST CONFERENCE

A Gulf Coast conference of officials said Bay St. Louis High's tigers would be welcomed to join the seven-team A-A-R-C-BR league.

In a meeting held Monday at Notre Dame High School in Biloxi, it was also stated that Vaneleave, Wiggins and Perkins would be welcomed to the loop.

Pass Christian, Long Beach, Notre Dame, Our Lady of Victories, d'Iberville, Kiln and Ocean Springs compose the conference.

Douglas Boone, new coach at d'Iberville, was elected president of the conference at the meeting, succeeding O. C. Spring's Clay Boyd, who coached at Bay High 1940-43.

Pass Christian's new mentor, John Farrill, was elected vice-president and Brother Roland Driscoll, C. S. C., president of Notre Dame, was elected secretary.

A ruling was adopted, giving the league's football crown to the team with the highest conference percentage, provided that three of their encounters were league games.

Notre Dame won the football titles in 1954 and 1955 while Ocean Springs claimed basketball and baseball honors.

Brother Alexis, Former SSC Head, Visits This Week

Brother Alexis, S. C., assistant superior general of the Brothers of the Sacred Heart visited St. Stanislaus during the past week for the canonical visitation of the Brothers and the school. Once each three years, the Superior General of the Brothers, or one of his four assistants, makes an official visitation of each school of the order of the Brothers.

Brother Alexis, S. C., who was president of St. Stanislaus from 1949 to 1951, has been assistant general to Brother Joseph, S. C., superior general located in Rome, at the House of Administration.

During the past year, he has been making the official visitation of the schools of the Brothers in South Africa, Uganda, Egypt, South America, the New England states, and the schools of the United States province.

In late December, on completing the visitation of the schools in the United States, he will visit the schools in England, and then return to Rome. Because of the shortness of his visit, and the demands on his time due to the large student body and faculty of St. Stanislaus, Brother Alexis expressed his regrets at his inability to see his many friends in Bay St. Louis, and extends his best wishes and regards to all of them.

Breath's Will Soon Feature Innovations

The fisherman and his family will benefit most from mechanical innovations Johnson Motors has built into its 1957 line of Sea Horse outboards, according to Chas. Breath of Breath's Boats and Motors, who recently received information from the factory about the new models he will have in stock soon. Since more and more anglers are taking up boating for family recreation, Johnson has boosted the size of its two largest engines to provide the power larger family boats need for efficient operation. Last year's 30 h.p. engine has been increased to a 35 h.p. unit, and an 18 h.p. motor replaces the 15.

"We expect the Sea-Horse 18 to become a popular motor among the young people," Breath said. "It's light weight makes for easy portability, and it produces enough power to pull water skiers and performs well on the average runabout. In addition to that, it costs \$100 less than the next bigger engine."

"I believe, all outboarders will be glad to know that the broken shear pin has seen its last days," Breath said. "The engineers finally have figured out a way to equip the big engines with a slip clutch to end shear pin problems."

Breath said big boat owners will welcome Johnson's "Power-Master" generator which is available as optional equipment for all electric-starting 35 h.p. engines. It is a high output unit built to maintain operating current for a fully electrified boat, including motor starter, running and cabin lights, radios, shavers and other electrical appliances.

Rounding out the '57 line are motors of 10, 13, 15 and 3 h.p.

LADNER NAMED REPORTER

Larry Ladner, Kiln school graduate, has been named a reporter on the Dixie Drawl, official newspaper of Pearl River Junior College.

Tommy Boyd, seven year old son of Mr. and Mrs. Lambert T. Boyd, Jr., fell and fractured his left arm while playing at school last Wednesday. He was taken to Memorial Hospital in Gulfport for surgery and was released on Friday.

Mr. and Mrs. Max Kohler, North Beach, will leave Sept. 28 by plane for New York where they will board the SS Queen Mary bound for Europe. They will tour England and the continent and plan to be away about two months. They will return on the SS Queen Elizabeth.

A graduate of Mississippi State College and The University of Texas, he received the Master of Science degree in chemical engineering at Texas in 1953.

"He's guilty, or he's not guilty, but if he is guilty, then he must die," said District Attorney Boyce Holleman last March at the murder trial of rodeo rider Dale Morris, in which the 32-year-old Montana cowboy was saved from the Mississippi lethal gas chamber by one juror, who held steadfast to his belief that Morris was innocent.

The second trial of Morris for the Nov. 22 slaying of Charles Flink in Waveland entered its fourth day Thursday with a possibility that the jury would be retired Friday, to make their decision.

A heated argument between the DA Holleman and defense counsel, Howard McDonnell, boiled down to the question of whether one person or two were at the scene of Flink's home on Hwy. 90, four miles west of Bay St. Louis, when the successful novelty store operator was twice shot while investigating a noise outside his home.

Holleman, using only circumstantial evidence, has been trying to prove Morris is the murderer while McDonnell is saying it could have been two other persons—perhaps Mr. and Mrs. Robert Larkey, key witnesses for the prosecution.

It has been proved and accepted by both attorneys that Morris' station wagon with a .22 pistol and rifle in back, was at the scene. The question is who was driving?

Two witnesses say they saw only one person.

Television camera and newspaper photographers from New Orleans to Biloxi trained their camera on many surprise witnesses, that did not testify at the March trial.

Circuit Judge Leslie B. Grant is again presiding over the much publicized trial.

Morris, handcuffed and guarded by two deputies, is being held at the Gulfport jail between sessions.

Kiln Wildcats Drop Football For '56 Year

Kiln's Wildcats, a longtime state basketball powerhouse, will not field a football team this season. Supt. W. R. Simmons told the Sea Coast Echo Thursday.

A six-game schedule will be cancelled due to "lack of experience" of Kiln's 11-man squad, Simmons said.

Oren Seals, athletic director said by next year he hopes to have a rounded squad.

Kiln, a member of the Gulf Coast conference, won two of fourteen games since football was revived at the school in 1954.

HERLIHY WINS SPECIAL ALDERMAN ELECTION IN WAVELAND 2ND WARD

Cornelius Herlihy, 68 of the 127 votes cast, in a special election for Alderman of the second ward in Waveland Saturday, to edge out Bradley Mazarakis by nine votes.

Herlihy owns and operates a merchandising and hardware store in Waveland. He is a brother of Bay St. Louis Post-Parish Schools in Louisiana.

Both Local Grid Teams To Play Host This Weekend

Pass Christian's Pirates took a 10 command in the Gulf Coast Conference by virtue of a 27 victory over the d'Iberville Warriors Friday night.

Though not named in the scoring column, Pete Stengela hurled three TD passes and three extra point aerials to shine again for Tom Parfitt's gridsters.

A 19-1 underdog rating by a 20-man Associated Press poll meant nothing to the St. Stanislaus Rock-A-Chows as they held the Gulpport Commodores portside until a last minute score spelled defeat, 8-7.

Jerry Daniels, tallied thrice in leading the Long Beach Bears to a 28-6 win over the Petal Panthers, and Ocean Springs smeared Vancleave, 33-7, in another Friday night encounter.

one arranged Thursday afternoon.

In the lone Thursday night affair, Carriere, downed Perkinston AHS's Bulldogs, 14-13, despite Bob Roth's 33 and 67 yard touchdown runs and one extra point run.

Bay St. Louis (1-0) will host Leakesville (1-1) in a DeSoto Conference game. Ocean Springs (1-1) travels to do battle with the Gulf Coast Lions (0-1) in a Gulf Coast League tilt and Long Beach (1-0) will entertain Perkinston (0-1) in Thursday contests.

Friday night, Notre Dame (0-0) will guest Sacred Heart of New Orleans (0-0) at Bi-Joxi, Pass Christian (1-1) will host McLain (0-0), Vancleave will welcome Basin (0-2), and St. Stanislaus (1-1) will engage Redemptorist of Baton Rouge (0-1) at Bay St. Louis.

Lakeshore Notes

By Mrs. Malcolm B. Green

If all of you who read this column could have seen the look of gratitude and unbelief on Elvin's face, I'm sure there would not be a dry eye in Hancock County. Thanks to the following workers who worked so tirelessly to make this benefit a success: Mr. and Mrs. Rufus LaFontaine, Mr. and Mrs. John Neelise, Buddy Garcia, Mrs. Andrew Ladner, Mrs. Gordon Garcia, Malcolm Green, Glover Green, Milton Stoufflet, "Tip" Johnson, Mrs. Warren Garcia, Mrs. Joe Alphonse and Eldredge Garcia. Mr. Willie Ladner of Clermont Harbor is recuperating in Gulfport Memorial Hospital after undergoing major surgery. Mr. and Mrs. Clarence Lusch are the proudest grandparents in Lakeshore after their 22 months old grandson, Daryl Lusch of New Orleans spent a week with them, with out mommie and daddy.

WARNS FISHERMEN OF VIOLATION OF TWO MILE LIMIT
Upton Sisson, Gulfport, attorney for the Mississippi Seafood Commission, issued a warning today to Gulf Coast commercial fishermen that any individuals caught violating a state statute prohibiting commercial fishing within the two mile limit will be prosecuted.

He said repeated complaints of coastal residents had brought to his attention cases in which violations have occurred. The law, he explained, was enacted for conservation purposes.

Sisson pointed out that two fishing craft operators were arraigned in Harrison County Court last Saturday on charges of violating this statute.

The two operators, identified as Captain Howard Huntings and Robert Davis, both of Pass Christian, entered molo contendere pleas to the charges and were fined \$250 and costs by Judge Luther Maples.

The National Soil Bank program will help reduce price-depressing surpluses of wheat, corn, cotton, peanuts, rice and tobacco without placing all of the burden on the farmer, the U. S. Department of Agriculture says in announcing the 1957 Soil Bank program. Surpluses of these six "basic" crops have continued to pile up despite production controls and intensive marketing programs here and abroad. The 1957 Acreage Reserve encourages farmers to cut production below their acreage allotments and corn bases, with payments for acreage reduction to help maintain or improve net farm income. Under the Conservation Reserve, farmers receive payments for land taken out of production and conserved for future use. Participation in the Soil Bank will not effect future establishment of State, county, or farm allotments. The Soil Bank supplements other farm programs. The County Agricultural Stabilization and Conservation Committee will assist farmers in planning their participation in the Soil Bank.

118,041,244 Is Slated For Mississippi Roads

Mississippi's allocation of federal funds under the new National highway act will total \$118,041,244 during the first years of a 13-year program.

Included in this figure is \$16,980,488 for use on federal-aid secondary roads only, of which \$8,490,244 goes to the counties. In discussing the new federal aid highway legislation, E. M. Johnson, Highway Department chief engineer, said it is a continuation of previous Federal Aid programs with emphasis on the Interstate System and some increase in authorizations for the regular Primary, Secondary and Urban Systems. The National System of Interstate and Defense Highways is a part of the Federal Aid Primary System.

Adding matching funds, to be

partment, the 1957-58-59 construction program will total \$151,944,401.

Breaking these figures down, over the three-year period, \$40,835,312 will go for primary federal-aid highways; \$16,980,488 for secondary routes; \$7,035,298 as urban funds to be spent on designated highways within towns over 5,000 and \$87,393,303 for interstate or defense highways.

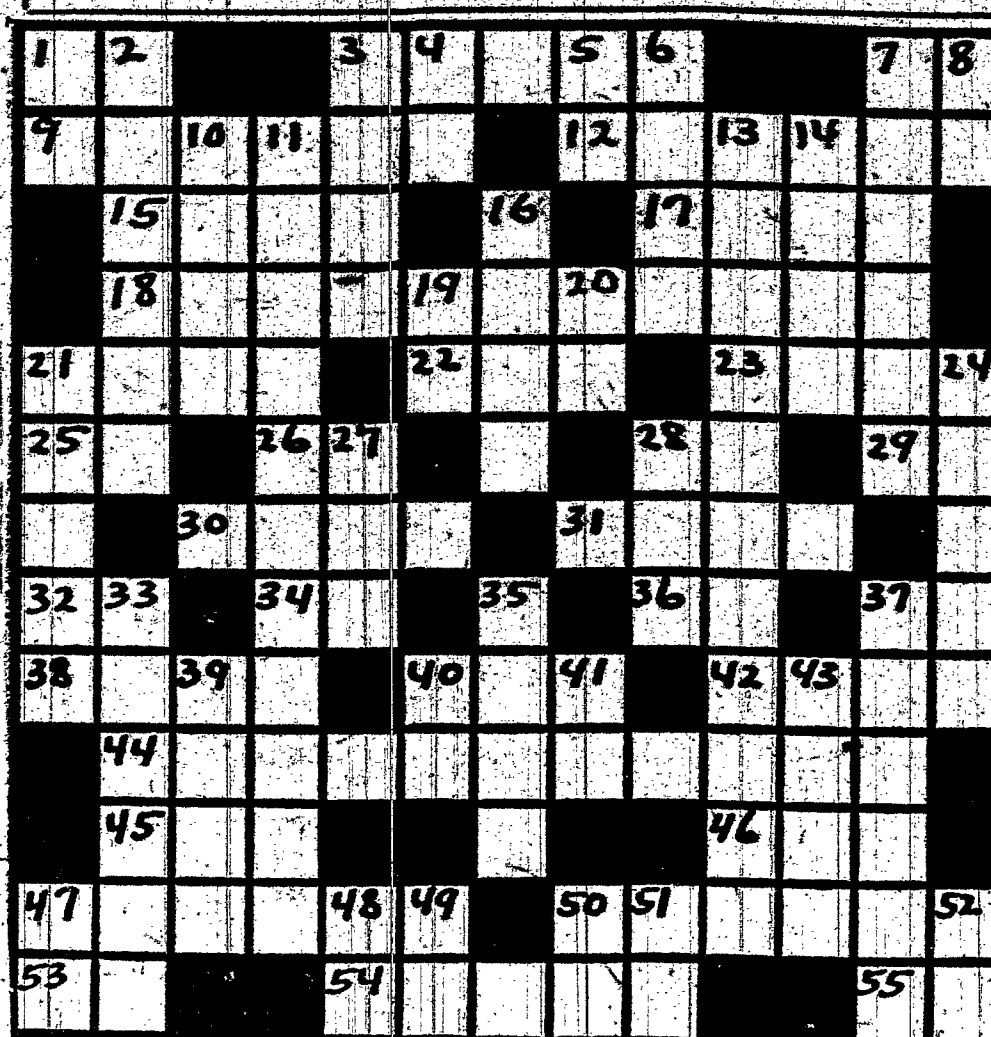

Another added feature, Mr. Johnson points out, is the feature of "controlled access" which will apply to design and construction of the interstate system.

This in non-technical terms means, in complying with terms written into the law by Congress, that intended users of the interstate highway get on and off only at cloverleaves or interchanges and that safety for users of the highway will be increased.

Of the 40,000 miles of interstate highways in the Nation, 692.5 miles are in Mississippi comprising all of U. S. Highways 11, 51, 80 and 90. Bids for the construction work on this system providing full control of access will be taken Sept. 25th for a project at Laurel on U. S. Highway 11.

Entered as Second Class matter at the Post Office at Bay St. Louis, Miss., under Act of March 3, 1879.

Jim Blevins thinks he knows how to find out who has the Presidential election victory in the bag—and he has already started popping the question in the popcorn poll.

Blevins doesn't go in for small scientific samples. He plans a mass check on the sentiments of millions of popcorn eaters. Blevins is, of course, in the popcorn business.

He is putting out 25 million containers to vendors, half of them picturing the Republicans' Eisenhower-Nixon and half the Democrats' Stevenson-Kefauver. Certified public accountants will tabulate consumer preferences.

If you're inclined to take your popcorn polls with a grain of salt, consider this: Blevins says the 1952 popcorn vote called the turn precisely.

Sam got a dollar too much in his pay envelope. He remained quiet. The next week the

paymaster discovered the error and deducted from Sam's pay a dollar. Sam protested loudly. The paymaster pointed out that Sam hadn't protested when he was overpaid the week before.

"No," said Sam. "I'm willing to overlook one mistake. But when it happens twice, it's time to complain."

A famous editor was being questioned by a young lady with journalistic aspirations. She asked: "Do you feel you have influenced public opinion?"

After pondering a moment, the editor replied, "No. Public opinion is something like the mule I used to drive. In order to drive him successfully, I always had to watch the way he was going and then follow closely."

A college senior dated a young lady from a nearby girls' school a few times. Then some weeks passed, and when she hadn't heard from him, she sent a telegram reading: DEAD, DELAYED OR DISINTERESTED?

To which the young man promptly wired back: HUNTING, FISHING OR TRAPPING?

SIGNS OF THE TIMES

A sad commentary on today's rising prices: The Marvic Co. of Brooklyn, N. Y., manufacturers of wooden nickels for direct mail, prices them at 6c in lots of 1,000.

A Sacramento, Calif. woman's apparel shop advertises "Sheer stockings designed for luxury wear but so serviceable that many women wear nothing else."

In Miami, Fla., an airplane flies over Hialeah race track with streamer suggesting: "Get even tonight at the Jai-Alai matches."

In Florida a road sign suggests: "Keep Florida Green—bring money."

"There'd be dancing in the streets"

An advertisement like the one above would stir things up in Mississippi... and there'd be dancing in the streets of any community which secured any portion of such an industry, for it would give a tremendous boost to the prosperity of the area.

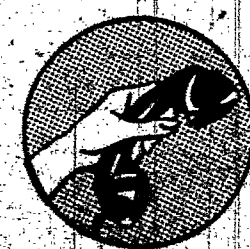

Everyone knows how important new industry is to our State... but did you ever stop to think what long-established industry does for you, your community and your State?

If the Southern Bell Telephone Company, for instance, were just setting up shop in Mississippi, the above "wanted ad" might appear in your newspaper... Doesn't this ad give you some idea of the value of this business to the State and your community over and above the service it renders?

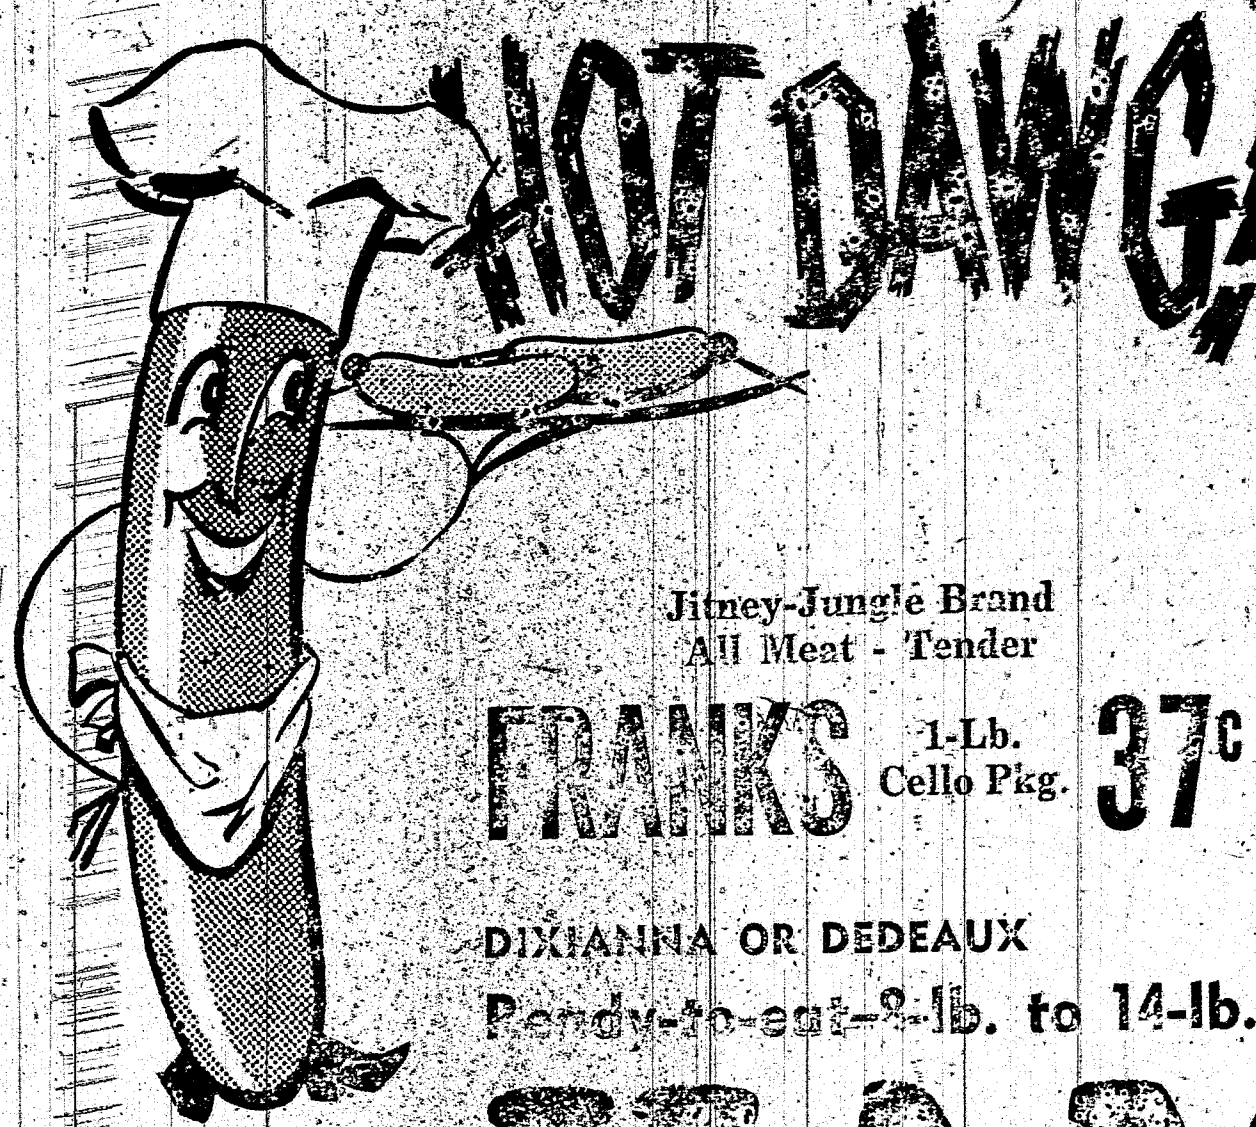

During the coming weeks we'll be publishing more information. Why not read these facts and let them speak for themselves?
